LIJADU BAYONLE

FULL-STACK WEB DEVELOPER

Email lijadubayonle10@gmail.com	**WhatsApp** +234 916 011 7395
Location Ondo State, Nigeria	**GitHub** github.com/bayonle2022

PROFESSIONAL SUMMARY

Aspiring Full-Stack Web Developer and Computer Engineering HND student with hands-on practice building responsive web interfaces and database-driven applications through personal and school projects. Works with Laravel, PHP, JavaScript, Vue.js, MySQL, and Tailwind CSS, with experience integrating APIs and building practical user-facing features. Seeking opportunities to contribute to real-world web projects and continue developing professional software engineering skills.

TECHNICAL SKILLS

Frontend	HTML5, CSS3, JavaScript, Vue.js, Tailwind CSS, responsive design
Backend	PHP, Laravel, REST API integration, authentication fundamentals
Database	MySQL, relational data and database-driven applications
Tools & Design	Git, GitHub, Postman, VS Code, Figma

SELECTED PROJECTS

Explore Ondo — Tourism Website

A Laravel-based tourism website project focused on presenting places and streets in Ondo. Includes work on an administration area for managing site content and a public-facing experience for visitors.

Technologies: Laravel, PHP, MySQL, Tailwind CSS | **Repository:** github.com/bayonle2022/explore-ondo

Weather By Bayo — Weather Application

A Vue.js weather application that displays current conditions and forecasts. Features include weather API integration, location search, and switching between metric and imperial temperature units.

Technologies: Vue.js, JavaScript, API integration | **Live demo:** resonant-nasturtium-9541fc.netlify.app

LexiFind — Dictionary Application

A dictionary application project with word lookup, dictionary API integration, audio pronunciation, and dark/light theme options.

Technologies: Vue.js, JavaScript, API integration, CSS

EDUCATION

Higher National Diploma (HND), Computer Engineering

Federal Polytechnic Ile-Oluji, Ondo State, Nigeria | 2025–2027 (in progress)

STRENGTHS

Problem-solving • Responsive web development • API integration • Database fundamentals • Learning through practical projects • Attention to usability

Project descriptions reflect personal and school project work. Portfolio website link to be added when published.
